Jeanne joined Taurus in May 2000 as an Accounts Receivable staff person. She worked in this department processing monthly billings, cash receipts, and assisted property managers in resolving accounting and tenant issues, including tenant receivables reconciliations, budget entry, and building and tenant set up.

Jeanne is now the Accounting Systems Manager, and is responsible for managing the MRI accounting software for Taurus, which includes training new personnel, assisting users with specific software requirements, troubleshooting/advising software issues, and writing basic accounting reports.

Jeanne works under the direction of Linda Kassof SVP/CFO, and is responsible for compiling monthly and quarterly accounting reports, closing month/year end. She also assists the auditors with the annual financial audits.

**Prior Experience**

Jeanne has over 20 years of accounting experience, having worked in a manufacturing environment prior to joining Taurus.

**Education**
